Definition of Contact: Stopping a vehicle. Each person in the vehicle who is cited for a violation should be counted as a contact. (i.e., you stop Mr. Smith for speeding and yet you also cite two of his passengers for no seat belt use-this stop would count as 3 contacts. On the other hand, if Mr. Smith is the only one in the car and he receives 3 infractions, this only counts as one contact.)

Aggressive Driving Definition:

Any two or more moving violations in succession (i.e., speeding, following too close, improper lane change, no signal, etc.);

OR

Any single moving violation that causes another motorist to take evasive action to avoid a collision.

Includes Neg 2.

DUI Arrests:

List separately: DUI–*Alcohol* Arrests and DUI–*Drug* Arrests

Other Alcohol Arrests examples:

MIP, open container, furnishing liquor to a minor, Neg 1, etc.

Drug Related Arrests:

All drug arrests other than impaired driving (i.e., possession, sale/distribution, VUCSA, etc).
